## 1. Introduction

In this Sprint, Test cases were created and run to cover User Stories WBR-4, WBR-5 and WBR-6.

We ran a total of 5 Test Cases and we checked the display of the 'Privacy policy' on the English page, as well as the structure of the 'Prices' section. Also, the correct display of the cars in the 'Rent a Car' section was checked.

After we ran the RAU-291 Test case, a defect was discovered.
